

PINK & TEAL

*Pink is the awareness ribbon colour
for breast cancer*

*Teal is the awareness ribbon colour
for Gynae cancers*

*Namely, the uterus, ovaries, cervix,
and all the girly bits*

PINK & TEAL

*Our objective is to
Go, Screen & Cure
the rural women of Sarawak
for these cancers.*

*Our team of doctors and nurses
meet our women where they need us:
in balais, ruais and reminds.*

PINK & TEAL

*Covid is our biggest challenge.
No mass gatherings mean no mass screenings.
Also, fundraising is slow.*

*Meaning, our rural women are
going on their lives
with potentially undetected cancer.*

That thought just makes our skins crawl.
